# **EXECUTIVE SUMMARY**

In 2015 the members of the pilot Namoi Joint Organisation of Councils engaged the *Regional Australia Institute* to undertake a research project to identify those things that had, or would have, the most profound impact on our region into the future.

The subsequent report entitled *Shaping the Future of the Namoi* identified six Future Factors that if collectively harnessed in a positive way would yield an expansion of the Namoi regional economy of an estimated additional \$900million by 2030.

The six future factors identified in this report were:

- National and global cycles in commodity markets;
- Maximising innovation in agricultural production;
- Seeking international investment, on the right terms;
- Engaging the Namoi in major overseas markets;
- Urbanisation; and
- Leveraging regional brand marketing to attract people to live and work in the Namoi.

Members acknowledge that there is potentially little Local Government can do to influence cycles in commodity markets.

Urbanisation is a global phenomenon, reflecting a change in human values, opportunities and aspirations.

While communities can become more resilient to national and international commodity cycles, and urbanisation - the efforts of Local Government can only have an indirect influence on these two factors.

Members agree that; innovation in agriculture, securing investment, engaging in markets, and promotion with a trusted and energised regional brand are areas where Local Government can be proactive and have a positive and regional impact.

# OUR STRATEGIC REGIONAL PRIORITIES

In developing this Strategic Regional Plan and summarising this into a Statement of Strategic Directions - members will have a clear focus for the next three years on their role, and the collaborate functions that Local Government will undertake.

Namoi Unlimited will focus on three Strategic Regional Priorities. These three priorities are interlinked.

The region needs to have the sustenance of water, the infrastructure, and the people to continue to grow and develop. The three strategic regional priorities are summarised below:

#### 1. Water for the Future

Agriculture, agricultural products, commodities and services underpin the economies of the Namoi region.

The dynamics of global markets, climate change and changing consumer demand, mean our core industry must evolve and adapt.

The availability, security and access to water underpin every facet of agriculture.

Water is also critical to the other two priorities identified in this Strategic Regional Plan.

Water is the critical enabler for industry, business, communities, lifestyle, tourism and the environment. Our action will be targeted towards growth and development.

# 2. Enabled and Connected Infrastructure

The provision of goods and services, connecting people and business, and addressing the perception of remoteness and isolation in regional areas are all dependent on having fully functional and connected infrastructure.

Roads, rail, air infrastructure, energy and telecommunications infrastructure are critical for the future growth and the development of the region.

The role of Namoi Unlimited is to understand the capacity and capability of existing infrastructure and networks, and then take a future focussed approach to prioritising, investing and advocating for critical and necessary infrastructure, necessary to enabling and supporting growth.

#### 3. Engaged People seeking Skills for the Future

People and their skills are fundamental to the growth of our economies, our communities and lifestyle.

Local Government is one of the largest employers in the Namoi region and has an important role to play in the attraction of people to the region, and the development of skills to meet the future demands of the regions workforce.

The members of Namoi Unlimited will identify, promote and engage in opportunities to address skill shortages within both Councils and across communities.

### **OUR ORGANISATION**

The Namoi Joint Organisation of Councils trading as Namoi Unlimited was established in mid 2015 as part of the NSW Government's pilot program to form new entities called Joint Organisations to facilitate collaboration among Councils.

Namoi Unlimited represents five Local Government Areas located in the New England North West of NSW:

- Gunnedah Shire Council
- Gwydir Shire Council
- Liverpool Plains Shire Council
- Tamworth Regional Council
- Walcha Council

The commitment and collaboration of members is framed in the *NSW Local Government Act.* 

The principles of operating the organisation are published in *The Charter*.

This Strategic Plan 2018-2021 will inform the annual Business Plan and budget.

#### **Our Purpose**

The NSW Government established Joint Organisations of Councils in 2017 by amendment to the *NSW Local Government Act*.

The role of Namoi Unlimited is to engage and collaborate with the NSW Government, working together to build stronger councils and communities.

### **Our Vision**

A productive, smart and liveable region.

A region recognised for its strong leadership, innovation, and excellence in regional collaboration.

### **Our Principal functions**

The core function of Joint Organisations of Councils is collaboration - collaboration between Councils, the NSW Government and the Australian Government.

Joint Organisations are also enabled to establish collaborative arrangements with key agencies and organisations with similar functions, values and activities.

The principal functions of Namoi Unlimited will be to:

- A. Establish strategic regional priorities for the joint organisation area and develop strategies and plans for delivering these priorities.
- Provide regional leadership for the joint organisation area and to be an advocate for strategic regional priorities.
- C. Identify and take up opportunities for intergovernmental collaboration on matters relating to the joint organisation area.

## Our Values and Guiding Principles

The values of Namoi Unlimited are:

- Member Councils will actively collaborate to lead and empower each other.
- Member Councils will engage actively, honestly and ethically.
- Member Councils will be transparent and accountable to the communities they represent.

# STAKEHOLDERS AND PARTNERS

Engagement and collaboration with key stakeholders is critical to the task ahead of Namoi Unlimited.

Member Councils are; Walcha Council, Tamworth Regional Council, Liverpool Plains Shire Council, Gunnedah Shire Council and Gwydir Shire Council.

Acknowledging the partnership with the NSW Government on Joint Organisations of Councils, the NSW Government is legislated as a Member of the organisation. Representation is undertaken by the Regional Director of the NSW Department of Premier and Cabinet or their delegate.

Member Councils make up the Board of directors; the Board includes the Mayors of each of the member Councils.

#### **Partners and Relationships**

Research and education are important components of the value-add and supply

chains in the economy. As required research and education partners from the region and experts will be consulted and engaged in activities.

Key collaborative groups for the Joint Organisation include; the Regional Leadership Executive and the various subcommittees and task groups initiated by the NSW Government. This reflects the inter-governmental and collaboration role of Joint Organisations of Councils.

The Board will maintain strong relationships with members of the NSW and Australian Parliaments.

As required the Joint Organisation will seek support and guidance from the NSW Government, the Australian Government and their representatives for specific tasks and activities associated with the strategic regional priorities.

## HOW TO USE THIS PLAN

The Strategic Regional Plan and the priorities identified within that plan provide the framework for the annual business plan for the period.

Importantly, these documents provide the basis of activity and investment for Councils involved in Namoi Unlimited Namoi. For the community this document holds the organisation to account for its activity and its successes.

A copy of the Namoi Unlimited Strategic Regional Plan is available at <u>www.namoiunlimited.nsw.gov.au</u>.

# COMMUNICATIONS AND ENGAGEMENT PLAN

#### **Our Purpose**

The NSW Government established Joint Organisations of Councils in 2017 by amendment to the *NSW Local Government Act*.

The core function of Joint Organisations of Councils is collaboration - collaboration between Councils, the NSW Government and the Australian Government.

Joint Organisations are also enabled to establish collaborative arrangements with key agencies and organisations with similar functions, values and activities.

The principal functions of Namoi Unlimited will be to:

- A. Establish strategic regional priorities for the joint organisation area and develop strategies and plans for delivering these priorities.
- B. Provide regional leadership for the joint organisation area and to be an advocate for strategic regional priorities.
- C. Identify and take up opportunities for intergovernmental collaboration on matters relating to the joint organisation area.

#### **Audiences and Messaging**

#### 1. Members

Members and non-voting members are described in this document. This group require:

- Clarification and confidence in the role of Namoi Unlimited.
- Clarification of the activity to be conducted by Namoi Unlimited.
- Assistance to distribute and discuss activity in the community.
- Coordination and collaboration.
- Demonstrated value for their financial contribution to the activity.

#### 2. State Agencies

A key role of Namoi Unlimited is to facilitate and create opportunities for inter-governmental collaboration. A key partner in the development of the Joint Organisation initiative is the NSW Government.

Engagement, co-design and support from specific state agencies for funding, policy advice and collaboration will be identified and pursued in the Business Plan.

#### 3. Communities

The perspectives and attitudes of communities to related activity of Namoi Unlimited are contained in the Community Strategic Plans of members. Community Strategic Plans were used to form the basis of the *Regional Economic Development Strategies (REDS)*.

The community requires information about the role and activity of Namoi Unlimited and demonstrated activity that will build strong communities and improve service delivery.

#### 4. Special Interest and Advocacy Groups

The Joint Organisation is able to develop partnerships with external individuals and organisations in pursuit of its activities aligned to the Strategic Regional Priorities and the Business Plan. A number of projects and activities in this business plan will require such input.

**Shaping the Future of the Namoi** report identified six levers that if all could be fully harnessed; the RAI estimated that the economy of the Namoi could expand by an additional \$900million by 2030. The future factors that are likely to have the greatest effect on the future of the Namoi region are:

- National and global cycles in commodity markets;
- Maximising innovation in agricultural production;
- Seeking international investment, on the right terms;
- Engaging the Namoi in major overseas markets;
- Urbanisation; and
- Leveraging regional brand marketing to attract people to live and work in the Namoi.

Namoi Economic and Spatial Supply Chain Assessment Report says there could be a major economic enabler for the Namoi in facilitating proposed expansion of protein specifically, beef, lamb and chicken. If these expansion plans are realised, these industries will be a significant economic enabler for the Namoi region.
